## Fighting ISIS with the Sword of the Word!

**I** SIS is in the headlines. Christians in many countries are being kidnapped, beheaded, crucified, and tortured in ways too awful to mention. Many Christians have died in Syria. But more Syrians are converting to Christ. In one Syrian city there is now a church of a couple hundred believers.

Our Global University office recently received an **SOS** concerning this church in Syria. They have at least 50 students who are studying GU Bible courses. France has had a strong influence in Syria in the past. The Syrians are pleading for GU Bible courses in French. They have already finished some courses, but need the next levels to be able to continue. They want to fight the evil of **ISIS** and win others who need to know Christ through the **Sword of the Word of God!** We must not let them down. We need to translate the courses into French as soon as possible. It is literally a **matter of life or death!** It costs about \$7,000 to produce a GU course in French.

I have worked for 4 years with a team of translators to get these Bible courses into French. But we cannot finish the job until we get additional finances. **Will you help us get the French GU courses to the Syrian Christians who are desperately asking for them?** [To contribute click here.](#)

## Thank You BGMC!

**B**oys & Girls Missionary Challenge set up a special project for the translation of GU courses into French. **THANK YOU** South Texas for "jumpstarting" this project by emphasizing it during the month of February. Thanks to you, thousands have already been raised so that French-speaking Christians can have courses in their language. But it's not too late to give! You can make a difference by helping complete this project. [Click here to contribute!](#)

## Prayer Requests

- God's protection for the Christians in Syria
- Finances to finish production of GU courses in French

## Coming Soon to Your Church!

**Great things are happening** in the French-speaking world! Are you surprised? With all the negative news about **Charlie Hebdo** and the "**Muslim problem**" in France, it's easy to ignore the opportunities for evangelism that come out of these challenges. Would you and your congregation like to hear more? From April through July 2015, I'll be visiting churches to speak about current events in France and how Global University is making a difference. **Please contact me by e-mail, text, or phone** so we can share in a missions service, a window, or just to meet for a cup of coffee!
